

The object of the Sandusky Sailing Club shall be the promotion and encouragement of sailing and seamanship, and of a sportsmanlike attitude toward racing and competition. The Club is organized to encourage small boat sailing and racing among those who may not be able to afford large annual dues and assessments.

Commodore's Comments Comm. John Schwartz

Congratulations to the SSC Junior Sailors who represented us at Bay Week! First, credit needs to go to Annika Vanderhorst and Kellie Keane who were the only Junior Sailors at Bay Week officially sailing under the Sandusky burgee. The girls performed well on the 420 course and off. My daughter Lily Schwartz crewed a North Cape Yacht Club 420 to an 8th place finish in the gold fleet. But the big news was SSC junior member Alex Schock, who was the overall winner in the Laser fleet!

Sandusky Junior Sailors Inc. (the Sandusky Junior Race Team parent organization) donated use of a Key West coach boat to be pin boat on the Laser and Silver fleet courses. This was piloted by yours truly and Lease Schock (now known to the paparazzi as "Alex Schock's roadie"). So, if you count that week on the center console and Chip Sidel's Catalina 36 -- not to mention the round trip voyage to Put-in-Bay, one leg of which I actually put the sails up -- it can finally be said that I've boated this season. Otherwise so far, it's been a bit of a bust. And I had such big aspirations in the spring. Still -- there is lots of sailing season left. I know Bernie just sent out the first Interlake session results, which means there is at least one more session for me to jump into. I'm moderately hopeful that this season allows me to do some late summer and fall sailing.

Graeme goes away to Ohio University in three weeks and Lily's driving this year, so I'm no longer on Uber duty. In years past I've been surprised that my sailing season grinds to a halt when school starts for the kids in mid August. We'll see how this plays out for me, but I really need to get on the water.

Alex Schock, 2019 Junior Bay Week Laser Champion

Junior Sailors practice in the SSC parking lot during high water.

SSC is once again home to the Interlake Class National Champions. As you may know, SSC members frequently appear on both the skipper trophy and the crew trophy. This year's winning boat was *The Turtle*, Interlake 1411, skippered by Hank Boissoneault and crewed by Daniel Olsen.

Nationals were held at the Indianapolis Sailing Club, located on the Geist Reservoir. Here's a breakdown of the three days of racing for the winning team:

Day 1: Only 1 race due to light winds. We eventually got some breeze 5-6 knots. 1st place finish.

Day 2: 3 Races.

Winds from 6-10 knots. 3rd, 10th, 1st

Day 3: 3 Races.

Winds from 12 -16 knots 3rd, 1st, 6th.

SSC's ILYA Traveler's series regatta -

Also, thank you to everyone who jumped in and helped with SSC's I-LYA Traveler's series regatta this past Saturday. We had great weather and other than a couple minor slips and falls on the ramp, the whole event went great!

Awards & Change of Watch Banquet - I know it's a little early to think about the Awards and Change of Watch Banquet this fall, but I want to prepare everyone next month for an RSVP email that I plan to send out in September to start working on a head count. The reason for the early start is that I'd like to figure out if we should host the event at SSC instead of SYC this year. Attendance has been light for at least the past two years and switching venues might let us give it more of a home club feel. If you have any ideas about that, I'd like to hear them.

Club maintenance - Thank you to everyone who's stepped up to push a broom and/or work the bar. It looks like the water levels have receded a bit. I know we'll all be glad to have the parking lots and dry sail areas algae-free again.

Thank you also to those of you who have provided feedback (positive and negative) regarding our redeployment of the club manager exclusively on marina, building and grounds. I know that Tim is working with contractors to collect quotes on waterline repairs for dock water. We will push out updates as we have them.

I look forward to seeing everyone around the club.

If you want to contact me, feel free to reach me at Commodore@SanduskySailingClub.com or 419-706-5137.

El Vicio Comodoro VC Matt Bedee

Yearbook - Yearbooks will be at the club shortly and I will send out an email when they are available.

Highlander Nationals - I want to thank the Race Committee and all the daily volunteers for their help to make the Highlander Nationals a success. We didn't have the number of boats we had been told would attend, but I think we made

a great impression with many of the young families that attended the event and they look forward to coming back. How welcoming the club was to families was repeated many times during the week and at the Awards Banquet. So thank you to the members as well for being gracious hosts to the sailors/families that called SSC home for nearly a week.

Babysitter list - After being asked at each of the last several regattas about babysitting, we would like to get a list together of members who would be interested in babysitting when we have regattas and also on the weekends when young parents might want to get out for a quiet dinner downtown. Contact me if you are interested and once the list is compiled, I will post it on the Club Bulletin Board and will have the list available for regattas as well. Those looking for a babysitter can contact someone from the list.

If you have a teen interested in babysitting, we ask that the parents' contact information be listed; then the parent can control what information is shared. SSC will just be facilitating the creation of a resource.

Social events - The Communications Committee is utilizing Social Media more this year and is asking members to tag Sandusky Sailing Club in their Facebook posts during events or just while enjoying your time at SSC. We have been using #SSCWednesdayRaces and #SSCRegattas on Facebook, so feel free to use them as well. Dan Olson will be experimenting with how to make posting easier over the next month or so. Look for more events to be posted to Facebook to help remind you of upcoming events.

Remind texting service - For quite some time we have been using email blasts to get information out between newsletters. Many people don't access their email until the last minute, so we're looking at a new texting tool that is used by schools called Remind. We hope to use this to remind members of upcoming events and to announce updates to an event as it is happening. To join Remind, you can text @sandsail to 81010 to sign up for text messages and/or send an email to sandsail@mail.remind.com for email notifications. You may have gotten an email about Remind recently and ignored it... go back and sign up. This will be in addition to the email blasts we are currently using and allow us to have quick messages sent out to the membership on their phones.

Friday Night Feeds - The Friday Night Feeds will continue on Fridays in August from 6pm-9pm, unless there is an event planned. If you are headed into town and want to order a pizza, shoot me a text by 7pm with what you want on it and when you will be at club. There is one weekend that I will be out of town, so I will find someone to cover and it may be something other than pizzas that night. We have pizza boxes so you can take pizzas down to the boat and relax.

Credit cards - Keep in mind there is a \$10 minimum to use your credit card at the Dairy Bar. Don't forget that the Dairy Bar does have Carry Out and you can get your beer/ice at the club on Friday nights if you are in a hurry.

Gate operation - In case you haven't noticed, please note that the main gate will always appear to be closed at the club. The gate will remain shut vs being open for weekends/LTS. If the gate is in "Open Mode" before a member gets to the key card post, the gate will open and stay open for a much shorter time now, 3-5 seconds, OR until a car gets out of the safety zone. If you pull up to the key card post and the gate doesn't open, then you will need to use your key card. Even with a regatta, the gate may stay in the "Open Mode" and it will close when the trailer has moved out of the way. As always, the vehicle gate is NOT for pedestrian access to the club. To the north side of the vehicle gate is a pedestrian gate that has reflective tape on the inside to get your attention.

Contact me - Please feel free to email questions, comments, or suggestions to mbedee@outlook.com or call/text me at 419-202-0044.

View from the RearRC Andy Davis

Dairy Bar - I wanted to take a moment and cordially invite everyone to the Dairy Bar on a Wednesday, Friday or Saturday night, and Sunday mornings on Funday. The Dairy Bar has always been a great place to hang out and sip a cold one while sharing memories and "sailing stories" with friends. If you are not aware, we have recently adjusted the bartender schedule to allow the club manager more time to focus on issues presented by the extensive high water we have experienced this summer (thank you for your ongoing and passionate support of long term club success, Tim). That said, we have introduced several guest bartenders to accommodate your beverage needs.

A major shout out to those volunteers who are supporting this effort. We are in the process of adding a broader selection of craft beers, as well as evaluating other initiatives to continue the long standing tradition of the Dairy Bar being a great place to relax. I, and the balance of volunteers, look forward to serving you in the future.

Friday feeds - For anyone who has not stopped by SSC on a Friday for pizza, you are truly missing a great opportunity to gorge yourself on a quality product, made by the Pizza Chef Extraordinaire, Matt Bebee. Please stop by and have a pizza on Fridays as they really are a great value and superior quality. Additionally, the Dairy Bar is open to address your thirst while enjoying a great pizza. Fridays will also be supported by guest bartenders.

Sandusky Sailing Club event calendar - Highlander Nationals July 13-18 showed SSC at its best. Great effort by RC Matt Bedee, Jay Austin and all of the other volunteers who gave time to ensure it was a success. I heard from many folks from out of town how great and welcoming our club was, as well as how fortunate we are to have such a gorgeous location.

Additionally, remember that the SUNDAY FUNDAY RACING SERIES continues on Aug. 4 and 18. Please try to join in the fun these Sundays. You need not be Ted Turner to have a blast, and remember, these races are meant to be fun, and the Dairy Bar is open for beverages and conversation.

Thursday, Aug. 15, we will be hosting the North Coast Young Professionals for the "Sail Away on the Bay." The Dairy Bar will be open that evening so come on down and let me make/pour you a cold one.

Wednesday nights present another opportunity to join in the fun after racing even if you are not a racer. Last night we had a huge crowd, and many folks who were not racers were there also and I firmly believe everyone would agree it was a great night.

Finally, we are in discussions with a very popular musician who has interest in playing a few events, including the J/24 Districts on Sept. 21. I highly suggest you pencil in that evening for a great night of post race beverages, as well as GREAT live music. As always, the Dairy Bar will be open that evening.

Winter Wednesdays 2019/2020 - I know it is a long time off, but Winter Wednesdays will begin in Oct. this year, so we will not miss out on some great cool (NOT FREEZING COLD) Wednesdays when the sailing season is coming to an end. Like last year, Cinda and I will come up with special feasts to ensure nobody leaves hungry (and remember, these are all home made meals). Some of last year's favorites included "Pulled Rotisserie Pork" made Lasagna, and a "REAL WISCONSIN BRAT BOIL" including bacon kraut. This year's Winter Wednesdays will supersede last year's, so please plan on being at the club on Wednesdays after the sailing season.

Since joining the Sailing Club nearly three years ago, I have found it to be a great place to relax and converse with a host of fun folks. We are truly fortunate to be a part of something so desirable and beautiful. I look forward to seeing you on the water or at the clubhouse.

Contact me - Please feel free to email me with questions, comments, or suggestions at RearCommodore@SanduskySailingClub.com or on my cell at 262-202-1372.

MARK GROSS LAW

Basin Business.....PC Monty Kaufman

Water leak - We now know the location of our city water leak, but we can't repair it because it's under water. We will get to it as soon as we can. When you want to wash your boat, go over to the backflow preventer by the supply shed, turn the valve parallel to the pipe and wash off your boat. When you are finished, shut off the valve. This is to prevent a \$1,000 water bill. At the end of the season the water will be shut off and lines filled with antifreeze the last week of September. This is to prevent the problems we had this year.

NOTE: Due to the standing water in the pipes, DON'T USE HOSE WATER FOR DRINKING WATER.

Empty docks - I have noticed we still have a lot of empty docks. Only 18 are not paid for so that means many boats are not in the water.

The broken water suppression pipes will be fixed as soon as the company can get to them.

The next meeting of the Sadler Basin Committee will be Monday, Aug 5 at 7:00pm. If you have ideas, concerns or questions, do not hesitate contact the Sadler Basin Committee at SadlerBoard@SanduskySailingClub.com or call 419-656-5881.

Sandusky Junior Sailors, Inc Mic Kaufman / Suzanne Hartley

This season Learn to Sail hosted five sessions with an enrollment of 70 participants. Community Sailing hosted 17 participants. Adult Learn to Sail hosted a successful program that will be continuing into the fall. Adaptive sponsored eight Monday events and two open houses. Over 100 people participated in the programs. Over 40 of these were veterans. There are two more open houses: Aug. 28 and Sept. 21 from 10-4.

The simulators have been moved out of the club house. One is at the Market Place, and the other is in the Junior building.

The Sandusky Dragon and Bacon Festival is Sept. 14 from 8:00am-5:00pm. It is at the Paper District Marina. Profits from the event benefit Adaptive Sailing.

Help! We need help! If you can help with engine maintenance, minor fiber glass work, varnishing or minor electrical work, contact Mic Kaufman at 419-370-6642 or 13mkaufman@gmail.com

We are also looking for financial assistance in purchasing a new engine for a LTS coach boat. We need approximately \$11,000. Any donation would be appreciated.

Thank you for your support. The youth are the future of sailing.

Race CommitteeDan Olson

As we enter the closing months of the racing season, my thoughts have been drawn to the future. Speaking for myself, I love being on the RC and doing the mark boat duties. We need to identify and train replacements if the racing program is to continue in its current form. Here are basic qualifications.

Mark Handlers - people willing to learn the timing and methods for setting and retrieving marks, and willing to be present and put in the time to learn and serve on a regular

basis. A roster of several helpers here would lessen the load and the stress of trying to cover the bases when someone is ill or out of town.

Mark Boat Operators - people who can operate a power boat, use a GPS and who have enough racing experience to understand the larger picture of what the PRO is trying to achieve, where to be on the course, when, and how to provide assistance in an emergency, and a willingness to commit to be there on a regular basis. ALL OF THESE CAN BE TAUGHT except the commitment part.

Benefits - A sense of contributing to the club, time on the water watching racing, a free boat ride every time you go out, camaraderie, free snacks, and some of the best BS around. Plus, you learn something new almost every time you go out.

Cruising ClassSheryl Hoffman

Summer plans - Where would you like to sail this summer? What activities would we enjoy? It's not too late to get our reservations in, but we need destinations and a time to visit them. Share your ideas - mswabley@gmail.com

Adaptive Sailing.....Larry Knauer

Where is the summer going? The third of the four planned Wednesday open houses happened July 31 at the club. The open house was very successful with great weather. Thank you to Freedom Boat Club for bringing the Tritoon over from Huron and getting the groups out on the bay. Also thank you to Loco Yak for not only bringing kayaks out but also for the wonderful lunch you provided. If you all want a great boating experience, check out Freedom Boat Club (multiple locations along the Lake Erie shores) and for a great kayak experience Loco Yak on the Black River in Lorain. Thank you both for all your past help with the Adaptive Sailing program. So mark your calendars for Wednesday, Aug. 28 and come join the fun.

If you or your organization would like to sponsor the lunch for next week please let me know ASAP. We plan for about 30 to show up at these events. Thank you in advance for your support.

Thanks Highlander Nationals Race Committee

Our Race Committee for the Highlander Nationals Regatta did an outstanding job! Thanks for answering the call to all who contributed: Bernie Ashyk, John Eschels, PC Mike Fleming, PC John Hartung, Paul Kalister, PC Monty Kaufman, Suzie Kaufman, PC Wendy Kaufman, Jane Miller, PC Mike Muhn, Judy Muhn, Chip Seidl, PC Jeff Smith, PC Ruth Anne Van Fleet, John Wiggins, and Carolynne Zettler. Also thanks to Frank Hill and SJSI for the use of their boats as safety resources. Under the leadership of PRO Mike Vining, we put on a great series of races. Thanks to all of you!
— Terry Parker, Highlander RC Chair

Recruiting new SSC members - A big thanks to SSC members who assisted with our July 4th booth at the Sandusky Community Celebration. Mic Kaufman, PC Jack Doller, Larry Knauer, Carolynne Zettler, PC Steve France, Sergeant Bob, and Sue Hartley made it happen. And a big thanks to the intrepid PC Steve France and the large number of volunteers who earlier organized an SSC presence at the Cleveland Boat Show, on line and elsewhere. Their hard work is paying off. — Respectfully, PC Skip Oliver

Joli Update - Hi Everyone, We are having fun, but we are still in boat maintenance mode. Maybe as a live-aboard cruiser, that is the norm? We are actually finishing up a few things that we didn't complete before leaving. Yesterday, we walked to the NAPA store from the Confederation Basin Marina in Kingston, Ontario, to get oil and filters for the

engine and generator. We carried the Ruxxsaxx cart with us, but the NAPA guy offered to drive down to the marina this morning with the oil (four gallons) and filters, which was great! We cleaned up the boat which was littered with dead flies above and below and Bryan worked on software updates for the Furuno gear. We enjoyed a walk around Kingston with a stop for a beer at The Pilot House and dinner at ?? something Piggy, I can't remember the name but the food was delicious. It kind of reminded us of a smaller, northern version of Blue Heaven in Key West. This morning after the oil change, we will go through a bascule bridge to get fuel and pump out (not available at the city marina, where we stayed the past two nights) and then head out down the St. Lawrence. We will try to make 30-50 miles per day for the next few days to get to Montreal by Tuesday. We plan on anchoring out each evening.

I updated the blog, SV.Joli@blogspot.com, so you can check it out to see photos if you're interested. — Polly and Bryan

George Steinemann and his Swan Nor'easter - Has anybody missed George Steinemann and his Swan, *Nor'easter*, on the JAM starting line? Well, that's because he is circumnavigating the world with his son on *Nor'easter*. Check out his blog — <https://sailingnoreaster.home.blog/author/geo4swans/>

September 11th	PHRF / T10 - Cracker Jack	No Race
September 18th FUN	JAM - Santana 20	No Race

Things to know about Galley & RC Duty:

Nobody wants to do it, but everyone wants to eat – it is a time for members of different fleets to work together.

Two race committees need support. The skipper of each on-duty boat listed above is responsible for **providing one RC support person on their assigned date**. On-duty boats do not race and receive average series points for the missed race. **The two RC support people must present themselves to the RC by 5:50 PM on race night.**

The on-duty boats' crews work the galley that evening. **Two crew from the each of two boats are the minimum needed to run the galley.** They should be at the club in time to set up the galley before the boats return from racing.

Money handling:

Get the cash box containing change money from Tim in the Dairy Bar.

Tally each burger/brat and dinner plate purchased as you take payment.

Race Committee staff and Galley Crew eat free and you should tally their meals separately.

People purchasing meals with a credit card must go to the Dairy Bar and buy a dinner ticket for each burger/brat or plate. Each ticket is for one dinner. Credit card purchases must be at least \$10.

Keep all credit card tickets in the cash box to track dinners purchased with credit cards. Return the meal tally, cash box and contents to Tim in the Dairy Bar when you are finished serving.

Food handling:

Burgers, Brats, Toppings, Buns, Chips, Sides, & Simple Dessert are provided by the Club. Additional items may be provided by the fleets.

Brats and some side dishes such as baked beans should be pre-cooked before the galley is opened.

When handling uncooked food or food in general, wear the blue gloves in the center drawer in the island. **NO OPENED FOOD CAN BE PUT BACK IN THE REFRIGERATOR.** If you open a food container and it is not completely served it must be discarded.

Clean the Galley at end of night:

Wash the dishes & utensils, empty the trash can(s), sweep and mop the floor.

If there are only a few or no blue gloves left, call the RC to add gloves to the following week's shopping list.

Dietary Restrictions:

People with health-related food restrictions must contact the Rear Commodore before the prior Tuesday.

Flag Pole Plaza Commemorative Brick

Purchaser Information

Name _____

Address _____

Phone _____ Email _____

Complete this form and mail it along with a check for \$100 payable to Sandusky Sailing Club to:

Sandusky Sailing Club

PO Box 814

Sandusky, OH 44870
