

The object of the Sandusky Sailing Club shall be the promotion and encouragement of sailing and seamanship, and of a sportsmanlike attitude toward racing and competition. The Club is organized to encourage small boat sailing and racing among those who may not be able to afford large annual dues and assessments.

## Comentarios del comodoro de la diversión ..... Commodore Matt Bedee

**OOPS...** I want to take the blame for this *Cross Bearings* getting out so late, so I will keep it short this month.

**Dues Reminder** - Want to remind everyone that the deadline for dues was March 1. Please log onto the website to renew using PayPal or send your dues statement with a check. Remember to return the Volunteer Opportunities Questionnaire, and circle what you would be interested in getting involved in. Friendly reminders will be sent out shortly. While you are paying dues online, please take the time to update your profile as well. If you don't remember your password to log in, leave the password blank and follow the prompts. A couple of typical items missing or needing updating are birth years and whether you want electronic dues statements and *Cross Bearings*.

**Dock reminder** - We have a waiting list now for 35ft docks and only a few 26ft and 30ft docks left. If you have not sent in your dock payment yet, please do so as soon as possible as the season is approaching very quickly. Friendly reminders will be sent out shortly.

**General Meeting** - Please put April 25 on your calendar as that is the Spring General Meeting and Workday.

**If you have any concerns** or there is anything you believe will make our club better, please don't hesitate to contact me at [mbedee@outlook.com](mailto:mbedee@outlook.com) or 419-202-0044. You may also contact any other member of the SSC Board at [SSCBoard@sanduskysailingclub.com](mailto:SSCBoard@sanduskysailingclub.com).

## El Vicio Comodoro ..... VC Andy Davis

Good day all, and I hope you all had a great winter. As you are aware, Winter Wednesdays have been continuing since the New Year which provide ongoing opportunities to connect with friends and dock neighbors during the winter. Additionally, Friday Feeds are also an opportunity to enjoy the club as Commodore Matt continues to create "Italian goodness" with his pizza making skills.

# TOGA PARTY

## TOGA TOGA TOGA

WHEN: MARCH 28, 2020

WHERE: SANDUSKY SAILING CLUB  
814 E. WATER ST.

### AGENDA:

— **11:00 – 3:30 AT SSC (CASH BAR)**

LIGHT SNACKS, LIBATIONS AND MUSIC... FUN MUSIC

--- **4:00 – 6:00PM BARREL HOUSE (CASH BAR)**

ANIMAL HOUSE MOVIE AND BAR TIME

--- **6:00 – ??????.. MEET AT DALY'S (CASH BAR)**

BEGIN SANDUSKY PUB CRAWL

**TOGAS PREFERRED, BUT NOT NECESSARY.. BUT PREFERRED!**

I want to touch on some key objectives I have in 2020 as they relate to House and Grounds and a special upcoming event:

#### Mark your calendars folks

March 28 will be the first TOGA PARTY.

We will commence at SSC at 1100 for TOGA TOGA! So, please ensure you are dressed in your garb. We will have a large crowd, so you do NOT want to miss this one folks. Expect fun music during the day as we prepare for the next step of the "Day." My suggestion is to watch *Animal House* to ensure your TOGA dance moves are in order. Let's have a good showing as there will be people who have never been to SSC, and the goal is to demonstrate why they should join.

Next, at 1600, (4pm) we will meet at The Barrel House to watch *Animal House* with our group. TOGAS are highly suggested... this should be a blast. Special thanks to Barrel House for providing a location, as well as having their bar open that day during the movie.

- Following *Animal House*, we will walk over to Daly's to begin the TOGA Pub Crawl in downtown Sandusky. Thanks to Daly's for supporting the first stop of the pub crawl.

Let everyone know about the event... as I would like this to be a great party for SSC, as well as getting our club out there as a great place to meet folks, learn to sail, splash a beverage and have fun. I am expecting a huge crowd during the day, and a fun group of folks on the pub crawl. Stay tuned.. more information forthcoming around specific stops during the pub crawl and other updates.

*Spring Workday* - Just a reminder to everyone, please mark your calendar for the general meeting and Spring Workday, April 25. This is an important day to ensure we begin on the right foot. For those of you who have never attended, it truly is fun, and there is much laughter. Please mark the date, as we need as many hands as possible to ensure our 2020 is fabulous.

*Basic needs around the club* - As always, every club needs some elbow grease to keep things "up to snuff." I would ask that if you see something that needs fixed, and it is not a job that requires a contractor, fix it. If something is needed to fix it, then feel free to purchase the replacement part, and provide the invoice to myself, Wes or Matt, and you will be reimbursed. By all means, if you notice an issue and are uncomfortable in making the repair, let me know and we will figure out a way to quickly make the fix. There are so many members here that have special skills, I am sure we can find someone to help us make the fix.

*Dairy Bar* - Last year was a great year for the Dairy Bar and I thank everyone for embracing the direction we are headed. That said, we are working on some very simple, inexpensive updates to the Dairy Bar as our business and membership grows. We will need to accommodate new folks while continuing to provide a great product and environment to all of our members. I know RC Wes will

have a profound impact on the Dairy Bar with the parties he is planning I think this energy will continue to pay off with new membership as people realize SSC is a great place to hang out.

**Docks** - Several new docks have been ordered which continues to raise the bar in terms of supporting the vessel needs in Sandusky. I am very excited to let you all know that many of the new docks have arrived, so we are in a good spot regarding meeting our goals. There is also planning regarding repurposing the docks being replaced in other areas. We continually work to be fiscally responsible in how we manage the costs/revenues at SSC, and I want to be sure everyone is aware of the careful and mindful efforts going on behind the scenes.

**Thank you to all for embracing the new direction** of the club, a direction that makes the club one of the, if not the, premier clubs on the Great Lakes. Volunteerism is a great thing and ensures everyone has skin in the game (which is obvious we all want our club to succeed). I have heard so many positive comments over the past year regarding what is happening, and this effort only will be successful with the ongoing support of the entire club as well as the continued guidance from those who have blazed the path before us.

I am so excited for 2020, and look forward to ongoing directional adjustments. Remember, like in sailing, a five degree adjustment makes a huge difference at the end of a leg.

### **RC Boats ..... Terry Parker**

Things have slowed to a crawl with the low temperatures in February. Epoxy, adhesives, paint, and varnish don't like cold. Come warmer weather, there will be lots of painting and re-fitting to do. We'll likely need to increase the number and frequency of our workdays to get ready for spring launch. We'll send out email blasts to notify club members of that schedule when it is decided. In the meantime, if you're interested in helping this spring, and aren't currently on our email list, please contact me. There will also be opportunities after the boats are launched! Thanks!

### **Sandusky Junior Sailors, Inc**

..... **Mic Kaufman / Suzanne Hartley**

It's hard to believe that the sailing season is almost here! April marks the unofficial start of the sailing season, so here are some updates on our programs:

**Powerboats** - We have been working on rehabbing a few of our powerboats this winter and hope to be showing them off at SSC soon!

**Our Adaptive Sailing program** (see flier) is going to start working on boats around April 15. If you would like to help, please contact Larry Knauer at [ldkanauer@gmail.com](mailto:ldkanauer@gmail.com).

**For anyone new to sailing** or wanting to learn more, we have a "Start Sailing" class that will be held on Thursday nights in April, beginning April 2. (see flier)

**Our Kids' Learn to Sail Programming** starts the week of June 8. New this year is a "Discover Boating" class. This new class will provide an introduction to water supports including instruction on power boats, kayaks, paddle boards and sailboats. This class is a great way to introduce kids to different water sport options. It's our hope they will all fall in love with sailing, and if not, at least the water! (see flier)

**We are offering five regular sessions of Learn to Sail.** These weekly camps will be offered as AM only or All day classes. At the end of the season there will be an All Day, One Week Advanced Sail Camp. This session is by approval of the directors. As with any of our programs, tuition assistance and scholarships are available. (see flier)

**The Sandusky Junior Race Team** is has been busy prepping for the 2020 season. On March 15 there will be a race team recruitment event from 3:00-5:00pm at SSC. It will cover requirements, practice times and traveling to regattas. Anyone interested in joining the race team is welcome to join.

**Community Sailing** - We are working diligently on expanding our community outreach to attract more community members to experience sailing. We have a number of opportunities available including one week of Community Sailing classes in early July, and every other Monday evening. Please consider helping with our community or adaptive programs.

**We are working on expanding our Adult Learn to Sail programming.** On Thursday nights this summer we will host "Drop in Sailing," an opportunity for those interested to stop in and try sailing for one night. (see flier)

Throughout the summer we will also be offering the Basic Keelboat class on select weekends and weekdays.

**Chartering a boat** - In 2020, we will be offering a number of keelboats and dingys available for daily and longer term rentals. Please check out the SSC website for more information.

**For information** on any of our programs, please visit [sanduskysailingclub.com](http://sanduskysailingclub.com)

**Adult Keelboat Instructors** - SSC and SJSI are working on expanding our Adult Learn to Sail programming and are looking at becoming a certified center to teach ASA's basic keelboat program. The ASA basic keelboat and additional ASA ratings are recognized internationally and are the most common accepted ratings to charter boats on vacation worldwide. Before we can proceed, we need instructors certified to teach the program.

Any member interested in teaching would need to attend a three-day Instructor Qualification Clinic conducted by ASA, either at SSC or at a nearby location. Qualified instructors are paid. So, while it can be fun to teach adults how to sail, it can also be a way to earn additional income while you do what you love doing.....sailing.

The basic keelboat training program for neophyte sailors involves 15 hours of instruction, over two or three days. If you are interested in learning more about how you can help train new sailors (and potential new SSC members), please get in touch with Mic Kaufman at [learn@sanduskysailingclub.com](mailto:learn@sanduskysailingclub.com) or 419-370-6642.

**News from ISCA Fleet No. 1..... Bernie Ashyk**  
*Interlake Sailing Class Association's 2020 National Championship.* Sandusky Sailing Club, birthplace of the Interlake, is proud to be hosting the Nationals, again. This series of races will begin with measurement on July 14 and 15. The Women's and Junior racing will be on July 15, followed by the Championship and Challenger races on July 15, 16 and wrapping up on Saturday, July 17.

SSC Trustee Danny Olson - [dannyolson2007@gmail.com](mailto:dannyolson2007@gmail.com), is chairing this prestigious event. Danny will need our membership to help on the various committees. Please keep these dates open and plan to lend a hand on shore or on the water. Further details for opportunities to volunteer will be forthcoming.

**Cruising Fleet..... Mark Swabley**  
*The 2020 Leamington Sail-Away* is Friday, June 12 through Sunday, June 14. This is a great way to start the cruising season and we welcome new members to join us for this trip. Skippers Sheryl Hoffman and John Wiggins will be coordinating dockage and Friday evening cocktails and appetizers on the dock.

Leamington Municipal Marina [www.leamington.ca/marina](http://www.leamington.ca/marina) dockage fees are \$2.25 ft. plus tax (Canadian). We currently have 12 docks reserved. Plan on a Friday morning departure from SSC. There will be a BYOB and shared appetizers at the dock upon arrival of the fleet. Stay tuned for more on social activities for the weekend. Saturday day is on your own to explore Leamington by bike, hike, kayak or taxi. Our return sail is on Sunday. Due to Sheryl's schedule we will not be coordinating the Pelee Island sail as in past years. The fleet is welcome to carry on this tradition; if anyone is willing to take the helm on this, please let us know.

**IMPORTANT: Customs check-in is no longer available at Cedar Point or Put-in-Bay.** You must have the CBP Roam App on your phone or tablet unless all of your crew members have Global Entry cards or an I-68. Please register well in advance for this. Here are links to the sites with information about the new US Customs and Border Protection requirements.

*Cleveland Boat Show* - This year's show was a big success for your club and yielded many leads for membership and our various Learn-to-Sail programs. Many thanks go to our volunteers who manned our booth during the five-day show: PC Pete and Maddie Grant, PC Monty and Suzie Kaufman, Gary and Patricia Melssen, Mike and Vicki Griffin, Paul Kalister, Reed and Janet Carpenter, Carolyn Zettler, Denise Roznovsky, Peter Huston, Dan Olson, Jay and Beth Austin, Bernie Ashyk, John Giordano, Charlie and Carolyn Balogh.

And we owe a special thanks to Larry Knauer, Suzanne Hartley and Mic Kaufman who orchestrated both the move in and move out of boats, gear and simulators, then worked the show each day.

We couldn't have done it without you.

# Youth Sailing Classes

Presented by: Sandusky Junior Sailors

**The Sandusky Junior Sailors goal:** is to promote water safety and an understanding of water activities through classroom instruction and on water experience.

## **Learn to Sail**

### **A typical day:**

**Morning weather brief**, this describes weather advantages and disadvantages of the day. **Skill lesson(s)** what is going to be taught that day. **Rigging**, Putting the boats together, this requires teamwork and coordination from the class to complete the goal. **Sailing!!!** Then **de-rigging**, taking the boats apart and packing everything away cleaned and organized. **Daily recap**, discussion of what we learned and enjoyed. **Dismissal**

### **Bad weather days:**

Yes we have awesome activities planned for when Mother Nature needs to water the plants. We have safety procedures in place if severe weather does arise. The safety of our students is our number one priority. We want them to be safe and have fun while they learn with us!

### **Skill level Instruction based:**

No matter what age or skill level the individual has we work our hardest to teach to their level in the class. We pride ourselves with teaching with all three types of learning; *Visual*, *Verbal*, and *Kinesthetic* with our lessons. Sailing can be a very active sport, so we are always on the move. We understand that everyone learns differently and we truly enjoy watching the light bulbs turn on.

Students are invited and encouraged to participate in as many sessions as possible. This helps them by building on what they have learned in previous sessions.

## **Discover Boating:**

This is a class for children ages 10-16. Participants will be instructed in power boats, kayaks, paddle boards, canoes and sail boats. Power boat instruction for those under the age of 14 will be done on a simulator in conjunction with the Sandusky Power Squadron.

## **Community Sailing:**

This is a 2 hour tour for youth who might be interested in sailing and want to get just a taste! This is offered in two sessions each day indicated on the schedule. The AM session is 10-12 and the PM session is 1-3. Children will receive an introduction to sailing and experience sailing with a certified instructor.

## **Scholarships and tuition assistance is available**

## The Sandusky Sailing Center at Sandusky Sailing Club

# Adult Learn to Sail Course

These on-the-water classes are done in the protected waters of Sandusky Bay, the Sailing Center offers the ideal learn to sail program and location.

### Thursday Evening Drop-in Sailing:

These classes are perfect for those who live nearby and want to enjoy the beautiful evenings on Sandusky bay.

#### Drop-in Sailing

\$60 per person per night

Weekly Sessions: 7p-8:30p

Class runs June 6- July 18

Please RSVP by Wednesday before the class to verify if class will be run for inclement weather.

### Weekend Classes:

US Sailing Basic Keelboat Course

\$395 for course (4 person cap)

Two full days of on-the-water instruction

(Dates to be scheduled with the instructor)

This is a total of 15 hours of instruction over the course of two days.

Students have the option to schedule classes over the same weekend or break it up over two separate weekends.

### Individual Lessons:

\$50 per hour (2 hour min.)

Lessons are on Sailing Center boats, unless private vessel instruction is requested.

### Make-up Days:

If the weather is poor and we are unable to sail, we will gladly schedule an alternative date!

Sandusky Sailing Center is located in Battery Park at the corner of Meigs St. and Water St.

All class segments take place aboard one of the two keelboats a J24 or Colgate 26. Both boats are tiller steered sloop rigged. Students are responsible for providing their own USCG approved PFD's and must wear closed-toed, non-marking shoes. Regardless of which course option you choose, you will learn/practice the skills and acquire the knowledge you need to confidently skipper and day-sail on Sandusky Bay.
